NOTICE TO ALL CUSTOMERS

OCR SYSTEM

Valued Customer,

We inform our customers of the launch of the "OCR" (Optical Character Recognition) system at the barriers for all license plates of trucks having an operation within the SGTD terminal.

To this end, the license plates of trucks that do not meet the visibility standard criterion will not be authorized to access the Terminal from February 28th, 2022.

Truck registration plates will be checked beforehand at Gate level from February 1st, 2022.

Thus, we encourage carriers to comply with metal plates with two lines of writing according to the formats cited in reference.
