To: ALL SGTD Customers

Subject : IMDG cargo restrictions in free zones

Dear Valued Customers,

Following the circular "199/DCAP/22", received this week from the Harbour Master's Office, which has prohibited the transfer and the handling of IMDG cargo in the Free Zones warehouses.

We would like to inform you that all IMDG cargo in transit to Ethiopia and Yemen will not be transferred from the Terminal to Free Zones warehouses areas. If there is any DG cargo, please note that it must be taken directly to the original destination (either Ethiopia or Yemen).

This new instruction from the Harbour Master's Office follows the chemical explosions in the ports of Beirut and Aqaba. The Harbour Master's Office took these precautions to minimize the chances of such events occurring at different Free Zones in the Country.

Therefore, as of 19 July 2022, SGTD will not invoice any IMDG cargo with the Free Zone as its destination.

We thank you for your compliance in this note and count on your full cooperation.

Best regards,

  
Abdillahi Adaweh Sigad  
Chief Executive Officer
