CIRCULAR

FROM SGT D COMMUNICATIONS

N012/COM/CIR/SGTD/2022

August 1st 2022.

NOTICE TO ALL CUSTOMERS

Terminal access for Trucks Trailers

Valued Customer,

Following the explosion of chemicals in the port of Beirut and the port of Aqaba, SGT D Doraleh Terminal has taken these precautions in accordance with the instructions of the port authorities to avoid further tragedies.

In this regard, we would like to inform all our customers that when collecting IMDG cargoes, especially 2.3 IMDG, your trucks and trailers must be equipped with the following requirements:

- 1. Eight (8) twistlocks**
- 2. Must be free of materials in order to avoid any handling failure**

Please note that SGT D Doraleh Terminal will respect and follow this new process and any breach of this rule will result in the ineligibility to access the terminal and no exceptions will be made unless authorized by the port authorities.

All customers must fit their trailer trucks with twistlocks without exception and must comply with this update and those who do not comply will be denied access to the terminal.

Therefore, please note that failure to comply with the above requirements will result in the cargo not being discharged from the vessel and remaining on board.

We thank you for your understanding and compliance with this circular.
