NOTICE TO ALL CUSTOMERS

Invoicing process update

Valued Customer,

We are updating the invoicing process to ensure that transactions are straightforward and smooth for all our customers. The new system will enable Multimodal containers to be differentiated from Unimodal containers, thus avoiding any incorrect reporting or invoicing.

The following procedure must be followed by all freight forwarders:

1. The ESL release shall be submitted along with the delivery order & Sydonia Waybill for Multimodal containers in order to access invoicing credit guaranteed by ATD;
2. If no ESL release is submitted with the Import Documents by the freight forwarders, please note the terminal will consider the cargo as Unimodal and will therefore apply the payment conditions pre-established by both parties.

Kindly note this updated procedure will be applicable from **August 13, 2023**.

We thank you for your understanding.
