February 12th, 2026

NOTICE TO ALL CUSTOMERS

VBS Registration 2026

Dear Valued Customer,

Following a recent review of the Vehicle Booking System (VBS) usage, SGTD has observed cases of misuse that do not comply with the established procedures.

In order to strengthen control, responsibility, traceability, eliminate the use of incorrect or inconsistent truck plate numbers during the booking process, and secure access to the terminal, all customers are hereby informed that the registration of trucks in the VBS system is now mandatory.

Accordingly, each customer must register all trucks intended to access SGTD facilities in the VBS system by submitting the required documentation, including but not limited to:

- Vehicle registration card (Carte Grise)
- Valid insurance certificate
- Patente of the Transporter

For this purpose, the attached registration template must be duly completed in advance and shared together with the scanned copies of the above-mentioned documents.

Deadline: All registration documents must be received within **15 days, from 11 February to 25 February**. Trucks that are not registered and validated in the VBS system by this deadline will not be able to receive VBS appointment or access the terminal.

We count on your cooperation to ensure smooth operations and compliance with SGTD procedures. Should you require any clarification or assistance, kindly contact us at:
